

## JACK LAWSON TWIRLS NO-HIT NO-RUN GAME

(From Monday Advertiser.)  
All-Chinese 2, Hawaii 1.  
Coast Defense 4, St. Louis 0.

W. Tin Chong and his merry All-Chinese gathered in the opening game of the double-header at Athletic Park from the Hawaii yesterday afternoon, while Captain O'Hara and his husky gunners gathered in the closer from the Saints at the same place.

The score of the first contest was close, the Chinese carrying off the palm, 2 to 1. The second game was not as hard to win and the U. S. boys ran up four tallies while the Saints failed to get in the run column at all. In fact they likewise failed to even gather a single off the elongated Jack Lawson, who heaved for the O'Hara combination.

**All-Chinese Win Out.**  
The board showed a tie score with the opening of the fourth inning, but here it was untied and the A. C. sent the run over the rubber that eventually won the game. Yen Chin gathered a single to left field and on another hit by Kai Luke moved up to second base. A. Yap advanced Chin to third with a sacrifice and he scored when Chillingworth failed to get Lai Tin's hit to the catcher quickly enough.

From then on it was a pitchers' battle, with neither side having much of an advantage and when Brito was tossed out at first in the ninth all chances of the Hawaii tying it up or even winning went glimmering.

Time of game, one hour and forty-four minutes.

**Saints Are Outclassed.**  
Despite their having two managers on the bench with several other advisers near by, the Saints gave a ragged exhibition of ball playing in their contest with the Coast Defense boys.

Francis Larney did well enough as a pitcher toward the plate but he was awful as a fielder and likewise were several of his team mates. In fact several lesions in the high art of fielding a baseball. Likewise hitting at a ball and running on the bases would greatly help the Saints toward getting out of the cellar, a position they now hold firmly through having been beaten in every start since the Oahu League opened.

Huddall started trouble for F. B. in the fifth with a single to left. Swenson flew out to centerfield and Lawson fanned leaving it up to Hixenbaugh to do something. Hix, slammed one to right good for a single but the ball struck a pebble and rolled far enough away from the fielder to give Hix a triple and to allow Huddall to score. Then Francis Barney cut in with a bobble of O'Hara's hit and Hixenbaugh gathered a run.

Punahou 9, Asahi 0.

Manager Abe and his nine little brown men, or to be exact, his nine little brown men and a relief hitter failed absolutely at Athletic Park yesterday afternoon to even throw a scare into Al Castle's Punahou Athletic Club and when the fall game was over, the score read 9 for fair haired Albert and his crew with a cipher for Abe's hired men.

Verily it was a slaughter of the diamond, for all kinds of hits from a single to a homer were made by the Puns, and like rain down like Puna Indians, escaped from the reservation. Likewise did they play bang-up baseball in the field behind brother Bill Hampton and a stunt now and then in the infield and one here and there in the outfield gave the fans a chance to stand up and cheer long and loud.

Really, fair haired Alfred has a classy bunch of swatmen wearing Punahou uniforms and they are bound to be among those present when the final reckoning is made.

As for the Asahis, the little fellows failed to biff and bang the ball and they still continue nervous when put to the test. Moriyma did fairly well in the pitcher's box and Nishi caught a nice game behind the bat. Boots, though, at the wrong time with some of those thirteen hits sandwiched in and there gave Punahou too much right for two centuries post both base runners safely over the rubber.

**Puns Start Well.**  
Sadler was the first man to face Moriyma, and a hit to centerfield placed him at the initial sack. Argabrite endeavored to sacrifice but hit into Moriyma's hand. The Asahi pitcher, though, threw wild to head off Sadler at second and both runners were safe. Then both moved up a peg when Moriyma pegged wild to second in an attempt to catch Sadler too far away from the bag. Lyman's wallp to right for two centuries post both base runners safely over the rubber.

Punahou went rudderless in the second, but in the third Argabrite boosted one over the rightfield fence for a homer. It was not much of a smash at that and Tommy Treadway will have to erect more screening on top of that fence unless he desires to keep baseball factories working overtime to keep him supplied with spheres.

Castle's men, however, came in the fourth. Burton hit one good for three runs and Sadler singled. In the next round a pass and hits by O'Brien and Henshaw gave the Puns two more runs.

An elongated youth named Dossett replaced Burton in the eighth inning and celebrated his appearance with a triple to centerfield for one base which caused lots of those present to vote him a regular Ty Cobb. When he duplicated the shot in the ninth those present were sure he was a Ty Cobb.

Another young man who made a hit with the fans was young Monsarrat, son of his most illustrious daddy, for he, in acting as a substitute hitter for O'Brien, lifted the ball to the centerfield fence, never stopping in his dash around the bases until he reached third base. As Brewer was on first the hit scored a run and Monsarrat also scored when W. Hoogs was safe at first on a fielder's choice. Willie went to second on Hampton's swat and then to the rubber on Dossett's swat.

Really it was a very busy afternoon for the Puns at Athletic Park. Following is the box score of the slaughter.

**LONDON, England, July 18.**—(Associated Press by Federal Wireless)—The principal topic of conversation in sporting circles yesterday concerned the fouling of George Carpenter by "Gus" Smith during their fight "bout" Wednesday evening.

Critics of the game are of the opinion that Smith did not intentionally foul his opponent. Some, though, claim it was a terrific blow while others say the blow was harmless, among them being Freddie Welsh, the new lightweight champion of the world.

## Home Run Drive by Larry Doyle Brings Victory to Giants Over Pirates.

PITTSBURGH, July 18.—(Associated Press by Federal Wireless)—New York was the victor in one of the greatest baseball games ever played at Forbes Field here yesterday, finally winning from the Pittsburgh team after twenty-one innings of nerve-racking baseball.

"Rube" Adams for Pittsburgh and Rube Marquard for the Giants, were the opposing pitchers and both twirled masterly baseball. Adams' control was perfect and during the entire game did not issue a pass and succeeded in striking out six men.

Marquard fanned two during the twenty-one innings and issued two bases on balls.

Adams was the first to score and this was tied up in the first of the third inning by the Giants. From then on neither side could send a man over the plate until the first half of the twenty-first inning.

Here Beecher singled and when Larry Doyle belted the ball out of the lot, the Giants added two runs to the one made in the early part of the game. Score, New York 3, Pittsburgh 1.

## "Leading Democrats" Send Petition to the President Laughable Document Charges Governor With Many Plutocratic Crimes—Lane No Democrat, Either.

One unimportant branch of Hawaiian Democracy continues to carry on a campaign of misrepresentation against Governor Pinkham and, according to claims made, a petition asking for his recall has gone forward to Washington, signed by "the leading Democrats of Hawaii." Just who the leading Democrats are it would be interesting to find out, but there is a decided reticence in Democratic circles to telling. The Advertiser has interviewed some forty or fifty presumably "leading" Democrats and of the number has found two who acknowledged themselves as such. These are M. C. Pacheco and "Too Bad Jack" Kalakiela.

L. L. McDaniel has not signed the recall petition, nor have G. J. Waller, Johnny Wilson, A. M. Wirtz, Joseph Lightfoot, R. H. Trent or Palmer Woods.

**Some Samples.**  
The petition to the President is of regulation Democratic length, containing some four thousand words, mostly vituperative. A sample of the whole is given in the following paragraphs from the document, which say:

**Worst Scoundrel.**  
"Under the rule of the Republican party these islands have always been under the absolute control of some half a dozen wealthy sugar planters and exploiters. As compared with New Zealand or any mainland part of the United States, they present a condition of servitude worse than any ever existed in the United States. Under the false pretense of Americanizing these islands the peonage and most undesirable class of other nationalities have been shipped in by the tens of thousands, and at the same time it has been made impossible for the American farmer from the mainland to obtain any land or foothold there. Foreign blood as against American stands about twenty to one.

"The principal individual engaged in these dealings for over six years past has been L. E. Pinkham, who has been publicly acting for the Hawaiian Sugar Planters' Association and has publicly avowed in his printed speeches that the laborers should be gathered from foreign peon class, and kept in a state of peonage, and that the public lands should be held for the large corporation planters and not given over to the homesteaders of the mainland.

**Lying Newspapers.**  
"Without a single fact on which to base them, Mr. Pinkham's Republican papers are continually charging the national administration with having ruined the sugar industry of these islands and Mr. Pinkham lends his aid to this false charge by keeping in office Republicans and servants of the planters who have reduced the assessed value of the sugar plantations twenty-five million dollars under the assessment of last year. This goes forth all over the United States against the Democratic party as to be a supposed necessity. Thus Mr. Pinkham is publishing things that he knows to be untrue, to the great injury of Democracy.

**Out Wages.**  
"He has been directly responsible for the expenditure of more than one and one-quarter million dollars in bringing in peon labor, which in large numbers are now sustained by public charity while many planters have reduced labor to ten dollars per month without board.

**Wicked Planters.**  
"He appointed to the office of Attorney General Mr. I. M. Steinbach, a gentleman with but two years out of school and who had but little experience in the courts, and who prior to his appointment was a law clerk in the firm of Holmes, Stanley & Olson, which firm largely represents sugar, banking and other corporation interests, all of which are antagonistic to the ordinary citizen.

That it is of the utmost importance to the people that the attorney general should be a man of experience and one who, by quo warranto and other proper proceedings, should bring the sugar companies that are now and have been withholding millions of dollars as dividends, to accountability. That the said Steinbach will never adopt this much-needed course, and the private citizen is deprived of this remedy that is given principally to the State. Not only have the corporations wrongfully imposed on the public, but the Governor has assisted them in tying the hands of the public by placing men in office who will do nothing to aid them."

**Lane Lacking, Likewise!**  
The "leading Democrats" of Hawaii, in the same document, feel called upon to inform the President of the shocking manner in which Secretary of the Interior Lane falls short of the Hawaiian idea of what a true Democrat should be. They say:

"Mr. Pinkham as approving his action, cites Congressman Kent and the Honorable Secretary of the Interior, both of California. Nothing is to be expected in favor of Democracy from Mr. Kent. The secretary of the interior has been fully advised as to Mr. Pinkham from the first. He knew he was not a Democrat, but an employee of the Hawaiian Sugar Planters' Association, when he caused the President to force him in as Governor, when the senate was decidedly against him.

"But worst of all the honorable secretary has been advised for over a year as to the position of Mr. Pinkham in reference to the holding of the public lands for the corporations and the denying of homesteads to citizens from the mainland. Depeated representations for over a year have been made to the secretary as to the conditions of

the land laws in this Territory and their necessary amendment in a manner which would prohibit such doings as those of Mr. Pinkham, to all of which the secretary has turned a deaf ear. The secretary has also had full knowledge of the shipping in by the thousands of cheap peon labor, a large portion of which has been thrown as an overflow on California and the Pacific States. The secretary has been advised of the specific shortcomings in office of Mr. Pinkham.

"We regret that we have received so little and that the sugar planters and moneyed interests have received so much of the honorable secretary's sympathy."

**WAR DEPARTMENT TO  
AID OF OAHU OFFICERS**

Since the publication of the war department instructions putting the army service in Hawaii on the colonial basis the burning question with officers here is when will the individual officer be credited with sufficient foreign service to render him eligible for return to the mainland. As there are many officers here whose total foreign service placed them far beyond the possibility of having to leave the United States for some years to come, yet who were ordered to accompany their regiments when these organizations were sent to Hawaii, there is much speculation as to when the war department will order them detached.

From information received last week from Washington, it is learned that the tentative plans of the war department contemplate the relief from foreign service of those officers who have considerable foreign service at the end of their third year on Oahu, and at the expiration of three and one-half years there will be another exodus.

This scheme has been adopted to avoid the wholesale transfer of officers who have familiarized themselves with the defense plans of Oahu and to insure the presence here of a sufficient number of officers whose knowledge of local conditions will hold the regiments here up to their present high state of efficiency.

Regiments whose commissioned personnel has been considerably changed by the acquisition of new officers may not come under this new rule nor will there be many immediate changes, but beginning next spring it is expected that the First Infantry and First Field Artillery will have many new faces among their commissioned personnel.

**Pacific Mail Liner Departs for  
Coast Carrying a Record  
Passenger List.**

With ninety cabin passengers from this port and eighty-eight passengers booked through from the Orient en route to San Francisco, the Pacific Mail liner Mongolia pulled out from Pier 7 for San Francisco yesterday at noon with almost a capacity passenger list.

A large crowd was at the dock to bid farewell to the many departing passengers yesterday, and the scene at Pier 7 was the liveliest that has been witnessed at that dock in many weeks.

A large percentage of the departing passengers from Honolulu were tourists who have been visiting the various points of interest in the Islands. A large number of Honolulu residents visited the dock yesterday morning to bid farewell to the members of the George Webb Dramatic Company, who have just completed a long and successful engagement in Hawaii and are departing passengers. Harry Wilder was a departing passenger on the Mongolia. He is en route to New York in connection with his large automobile interests here.

The Mongolia completed the discharging of 2117 tons of Oriental cargo consigned to this port shortly after nine o'clock yesterday morning. Coal to the amount of 550 tons was loaded into the vessel's bunkers prior to her departure.

**TROOPS RELIEVED OF  
WALKING TEN MILES**  
Officers of the marine corps on duty on shore at Vera Cruz have been excused from compliance with the regulations prescribing a monthly walk of ten miles to show fitness for the service. It is considered that officers at that place have sufficient opportunity to demonstrate their physical fitness during the performance of the duties they are called upon to perform, and that, in addition, the requirement should not be made, in view of the climatic conditions.

Captain Dana W. Kilburn of the Twenty-sixth Infantry, and one of the well-known officers of the service, is no longer in the Army, the President having approved the sentence of dismissal passed upon him by a court-martial that convened last April. Kilburn graduated from the Military Academy in June, 1894. As a first lieutenant he participated in the battles of El Caney, San Juan Hill and at the siege of Santiago during the Spanish-American war, being recommended for the brevet of captain for meritorious service in the face of the enemy. He has a brother in the service, Lieutenant Charles I. Kilburn, coast artillery corps, and he is a son of the late Commander William Kilburn of the Navy.
